TORONTO FORUM ON CUBA

**(A member of the Latin American and Caribbean Solidarity Network / Miembro de la Red de Solidaridad Latinoamericana y del Caribe)*

Toronto Forum on Cuba encourages its readers to read [Fidel Castro's Reflections on Libya](#) which categorically condemns any and all military actions against Libya. Understanding Fidel's analysis of the situation in Libya will arm us in order to take a just stand when the imperialist-controlled media want to convince us that their bombings and destructions of a country are for "democracy and human rights". They have played the same dirty cards whenever they are attacking Cuba.

HANDS OFF LIBYA!

While we learn that a Canadian general is now in charge of the bombings, deaths and destructions in Libya we call on all our readers to voice their strongest condemnation of the barbaric attacks launched against Libya by the imperialist powers in order to gain full control of the oil-rich Libya with the aim of its re-colonization through the instalment of a complete subservient regime and the ever-growing militarization of the region.

We shall never forget the crimes committed by the same imperialist forces in Iraq, Afghanistan, etc., under the cover of "humanitarian intervention" and "democracy and human rights". The racist imperialist system has no answer for the liberation movements in the region but further militarization and super plunder of its natural resources and labour.

The anti-war movement and all in solidarity with the people of Cuba -which has been under the incessant attacks, covert and overt operations, by the imperialist forces ever since the victory of the Cuban Revolution shall express their solidarity with Libya and for forging a united front before the whole of North Africa is set ablaze by the imperialist aggressive and occupying forces.

NO TO SANCTIONS!

NO TO BOMBINGS!

HANDS OFF LIBYA'S SOVEREIGNTY!
